The Strawberry of Tomorrow!

New!

June Rockhill

(Plant Patent 854)

Never before has there been a variety of strawberry with so many desirable qualities as the JUNE ROCKHILL. The **superb high quality** of this berry is unequaled and mere words are usually found to be inadequate to express the surprise and satisfaction, when folks first taste this delicious berry. Its **exceptional sweetness**, and flavor suggestive of the wild strawberry, delights everyone.

Deep shiny red berries, with the color carried all through, characterize this berry. The berry ripens all over at the same time with **no white tips** to mar its beauty. It has **no core**. This is not true of many other varieties.

JUNE ROCKHILL is very easy to pick and the caps adhere to the berries.

Tests have proven this berry to be very choice for quick freezing and lockers, as the flavor, color and its enticing aroma are retained when frozen.

This berry begins to ripen several days before Dunlap and continues through the season of Dunlap.

**AN IDEAL BERRY FOR
HOME GARDEN
AND
LOCAL MARKET
PLANTING.**

The U. S. Department of Agriculture says, "Berry large, irregular round conic to short wedge, medium firm, bright rich red, quality EXCELLENT, foliage dark green, very healthy."

PREPAID PRICES

\$2.25 for 25; \$3.75 for 50; \$11.90 for 250; \$18.75 for 500; \$32.50 for 1000.

\$5.95 per 100 prepaid

**for the Ultimate
in taste thrills.**

June Rockhill plants are **exceptionally hardy** and can be grown clear to the north limits of strawberry culture. A vigorous grower, it makes runners freely. The distinct heavy textured foliage is **very resistant to leaf spot**.

Blossoms are perfect and seem to possess a greater frost resistance than many varieties.

Heavy erect fruit stems hold the fruit off the ground. This prevents heavy losses in rainy periods, makes picking easier and provides cleaner berries.

Protected by Plant Patent 854. Under the U. S. Patent laws, the June Rockhill strawberry cannot be propagated for sale or gift of plants, except by permission and license of the patent holder.

WHEELOCK WILSON NURSERY

GUARANTEE. My trees and plants are guaranteed to be strong, healthy, well-rooted, true to name and graded to the standards of the American Association of Nurserymen and they are further guaranteed to reach you in a live, good growing condition. If, when you receive them, you are not satisfied, you are to report within three days after arrival for full refund or replacement.

All my stock is State Inspected (Strawberries and Raspberries twice) and will be accompanied with a certificate showing such inspection.

TERMS: These prices are F.O.B. Marshalltown, Iowa, unless otherwise noted or agreed upon. Cash with order, or one-half cash, balance C. O. D. Add 2% sales tax if you live in Iowa.

I give no warranty, expressed or implied, as to growth or productiveness after transplanting, as that depends on soil, weather and other conditions beyond my control.
